We live in a smart world that is only getting smarter with time and our own experience. Think of mobile phones and how smart they have become in just over 10 years. This new age of smartness is experienced when something digital can control or operate something physical. Today most farms have at least some smart components - for example, a sensor that detects low humidity in the soil and turns on the sprinkler system. Smart objects are all around us and they work like magic.

In Smart Playground, you will learn how to weave this magic in your life. You can find innovative solutions to all kinds of problems with smart design and technology powered by the internet.

MUSICAL PLAYTHINGS

HOSTED BY PRUTHU PARAB
01 & 02 FEB | 6-8 PM | ECHOLOGUE STUDIOS, MOIRA

A whole world of creativity lies outside of the instrument you play. If you've ever pondered what makes the music you love so great, apart from the musicians that made it, then you've probably thought about "Music Production" at some point. That term, however, tends to come with a bunch of preconceived notions or is met with hesitation because of artistic, technical or financial reasons. This workshop aims to demystify (just the basics) of what it might take to for you to jump off that springboard into a universe of sonic possibilities and cutting edge technology. If you're a musician who's just starting out, or someone who's always wanted to make music but don't play an instrument and know where to start from, this one is for you.

The workshop will introduce a selection of mobile music making applications that are accessible and fun to use. There will also be demonstrations of these apps as well as some music-making tools on tablets and computers. The entire session will take place in a studio environment.

SESSION INCLUDES:

- Brief Introduction to audio signal processing.
- Demonstration of app functions
- Experimentation and Creation jam
- Presentation and discussion
- Computer music application demonstration

GLOW WITH THE FLOW

HOSTED BY DR. DEEPTI PINTO ROSARIO
02 FEB | 1-2PM | ST. THOMAS GIRLS HIGH SCHOOL, ALDONA

A workshop for pre-pubertal girls.

The age of the first period in Goa has dropped to ages 9-10. Girls start experiencing pubertal changes years before their period hits. 75% of Indian girls don't know what a period is before it happens to them. With the age of puberty dropping lower and lower, we can expect that number to increase. Therefore this workshop was conceptualised.

An introduction to puberty and all its myriad changes to girls who havent encountered it yet. It seeks to cover the anatomy both internal and external, what a period is, why it happens and other aspects of puberty, stressing how normal it is and how it happens to everyone. Girls are shown various period products and how to use them, with an open, non -judgmental atmosphere, allowing the kids to ask any questions they may have. Taboo and myths are categorically dispelled. A fun aspect is "bedazzling the uterus." Girls are given an outline of the uterus and colours, stickers, etc. and allowed to go crazy – empowering them further.

MENSTRUAL HYGIENE

HOSTED BY DR. DEEPTI PINTO ROSARIO
02 FEB | 2-3PM | ST. THOMAS GIRLS HIGH SCHOOL, ALDONA

Its mind blowing how many misconceptions, taboo and fear can shroud periods and the menstrual cycle in India. This talk serves to blow all of these out the water, and present periods and female anatomy as it is – a completely normal, physiological, necessary part of life. It covers internal and external anatomy, how to take care of oneself (personal and menstrual hygiene), what are the various period products and how to use them. It also gives an insight to what is normal, what is not and a lifelong roadmap of when to see a gynaecologist.

THE ANCESTRY OF FIGHTING TECHNIQUES

From Ancient Warriors to Modern Masters: a glance at the History and Evolution of Martial Arts

HOSTED BY ADITYA ROY
29 JAN | 3 - 4 PM | THINKERING, NACHINOLA

Humans have been fighting since their earliest days on this Earth. Whether it was against nature or other hominids, our survival often depended on our ability to wage war.

The evolution of a civilization is often accompanied by the simultaneous evolution of a martial culture belonging to that civilization. Infact it is possible to tell a lot about a culture by the way they fought and the weapons they used.

Similarly the evolution of a martial art in a particular region was heavily influenced by the history, geography, culture and traditions of that region.

Join me on this journey through the ages of man to uncover the origins and evolution of these Arts of War.

GROWING GOA

Generations of organically growing food in Aldona – living, eating and thriving sustainably

HOSTED BY DR. KARLETTE, LILLIAN & MERWYN FERNANDES
05 FEB | 4 - 6 PM | LILWYN ECO AGRI FARM, CARONA

What has it been like growing produce in the fields of Aldona across 3 generations?

What are the changes and challenges that agriculture in this part of Goa has faced?

What is the significance of agriculture for the younger generations in a highly modernised and globalised world?

What's the future of agriculture here?

Growing Goa is walk, a conversation with a local family that has owned farms and grown up around it, going away for jobs, and returning to their land and growing organically. Their farm has several fruits, vegetables, spices, and an animal farm with goats, chicken, ducks and geese. Come listen to the story of the farms of Aldona.

THE VARIATIONS – EXAMPLES

MOIRA 123

YOU GET 3 CARDS, YOU CAN USE ALL 3

CLASSIX

YOU GET 6 CARDS TO START, YOU CAN KEEP ONE FOR AS LONG AS YOU PAY 5 X BIG BLINDS PER BETTING ROUND TO KEEP IT

KKKG

YOU GET 5 CARDS TO START, YOU GIVE AWAY 1 CARD IN EVERY BETTING ROUND AFTER THE FLOP UNTIL YOU'RE LEFT WITH 2 IN THE LAST ROUND

TU 13 DEKH

ONLY 5 PLAYERS CAN PLAY THIS ROUND SO IF THE DEALER CHOOSES THIS VARIATION, THE DEALER AND NEXT 4 PLAYERS AFTER HIM ARE AUTOMATICALLY CHOSEN. EVERY PLAYER GETS 2 CARDS, AND 5 CARDS OPEN IN FRONT OF EACH – BEST GAME ON THE TABLE TAKES IT ALL.

EXPECT A LOT OF DOUBLE BOARDS.
DEALER WILL DECIDE VARIATIONS FOR EVERY HAND.
